

End -time Time Line

Over the last few years the NW Church of God has gradually come to understand the events of the last times much better. We recognised that the resurrection of the firstfruits, for example, will take place at the time of the firstfruit abib barley harvest in Israel at the 6th Seal, rather than at the Feast of Trumpets, which pictures Christ's return to chastise those who would fight against him at Armageddon. Much of this was revealed by our keeping of the true calendar of God, based upon the observation of the ripening firstfruit barley harvest in Israel, a blessing that God's church has only understood as we near the time of the end. (Daniel 12:9)

Now many others are rejecting the deception of the Hebrew calendar and need to understand what lies ahead so that they can be prepared before the start of the last 7 years. Revelation 14:6-7.

To this end the events of these coming years will be expounded in much more detail in coming articles on this web site, after the Feast of Tabernacles this year. No dreams or visions are given here – just solid bible study and the keeping of what God requires, so check out every verse and tell others about this web site. Paul said we see these things through a glass darkly, but it is the task of God's church to prepare His people before these catastrophic events take away a large part of human life from this world, in the Tribulation!

There is just one time-line here, of the last 7 years, but for clarity, the input of different parts of the Bible has been placed on separate lines.

Daniel's Seventieth week Dan 9:27
